

Carry Case For Philips HeartStart FRx AED

The AED's self-check indicator can be seen through the clear window without having to remove the AED from the carry case.

Closed, the case measures 9" x 7" x 5".

Designed with compartments for a spare battery, spare defibrillation electrode pads, and infant/child key.

Clear pocket for emergency contact information and/or owner identification.

Mesh port: push here to release AED from compartment.
